Part III DETAILED ACTION

Figs.1,2,and 3, should be labeled as Prior Art, as disclosed.

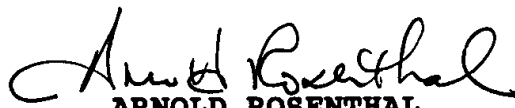

Claim 1 is rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In this regard, the "parts" recited in lines 5-7 appear to be a double recitation of the "parts" recited in lines 7-10 of the claim.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --
(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1, insofar as being definite and understood, is further rejected under 35 U.S.C. § 102(b) as being anticipated by Illing.

The references of Pluviose and Evans et.al. are cited as additional showings of tapered seats.
